Jones Stock Prices**

QUARTERLY STOCK PRICE DISTRIBUTION

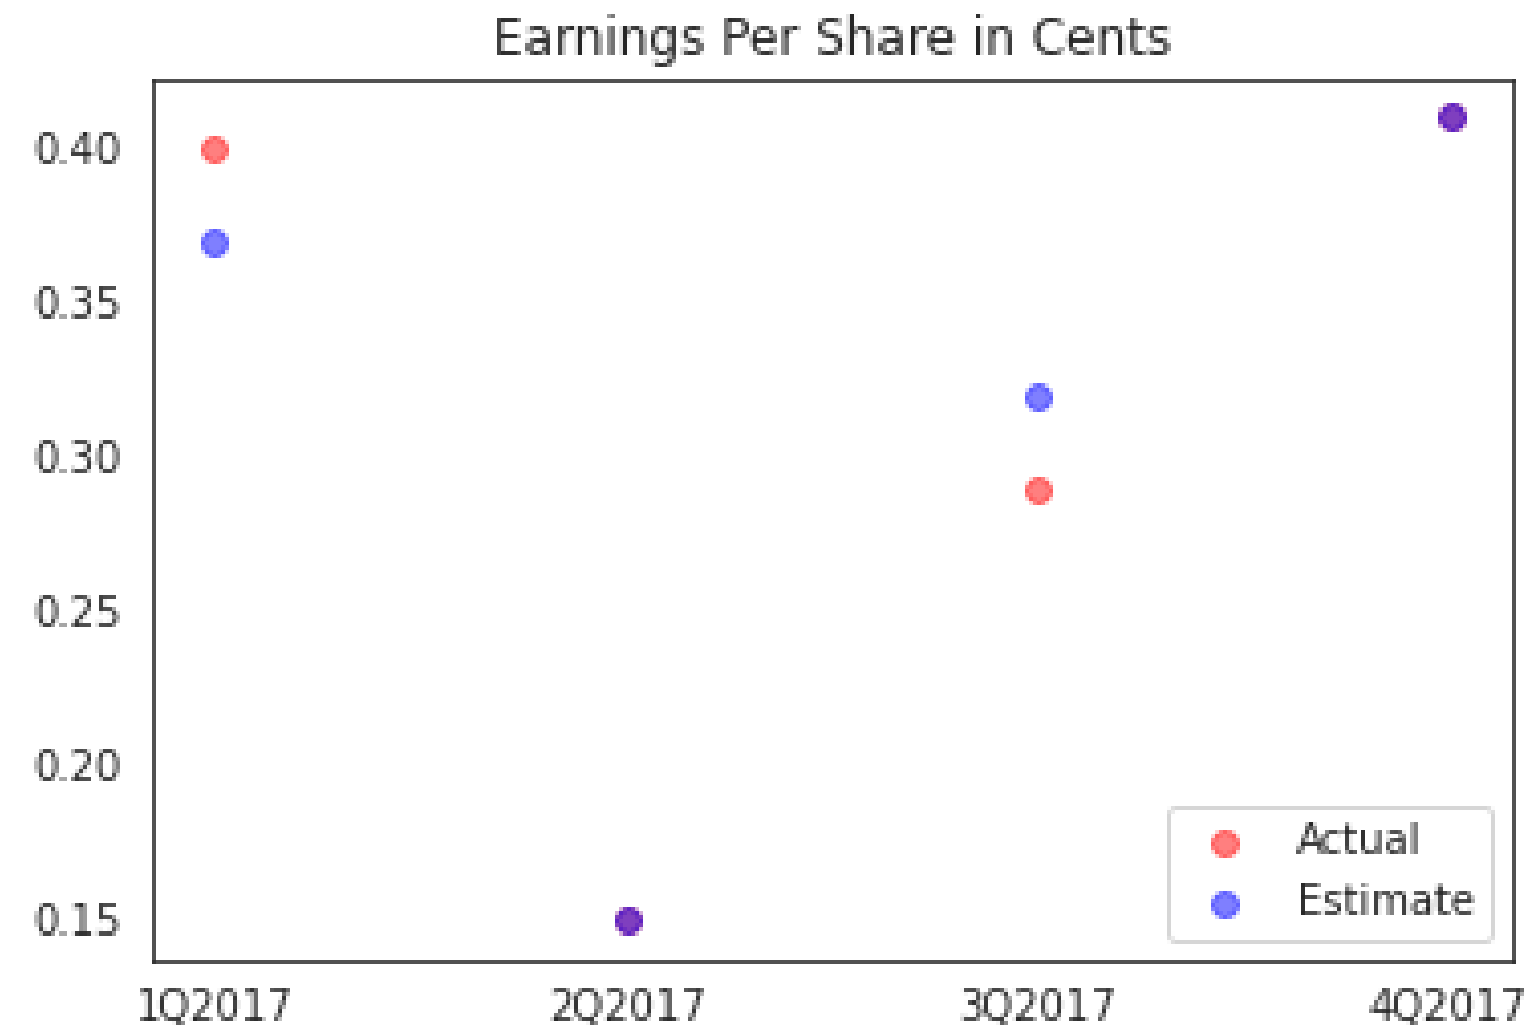

Stock prices went up during the year.

Most of the prices fell between 140 and 200.

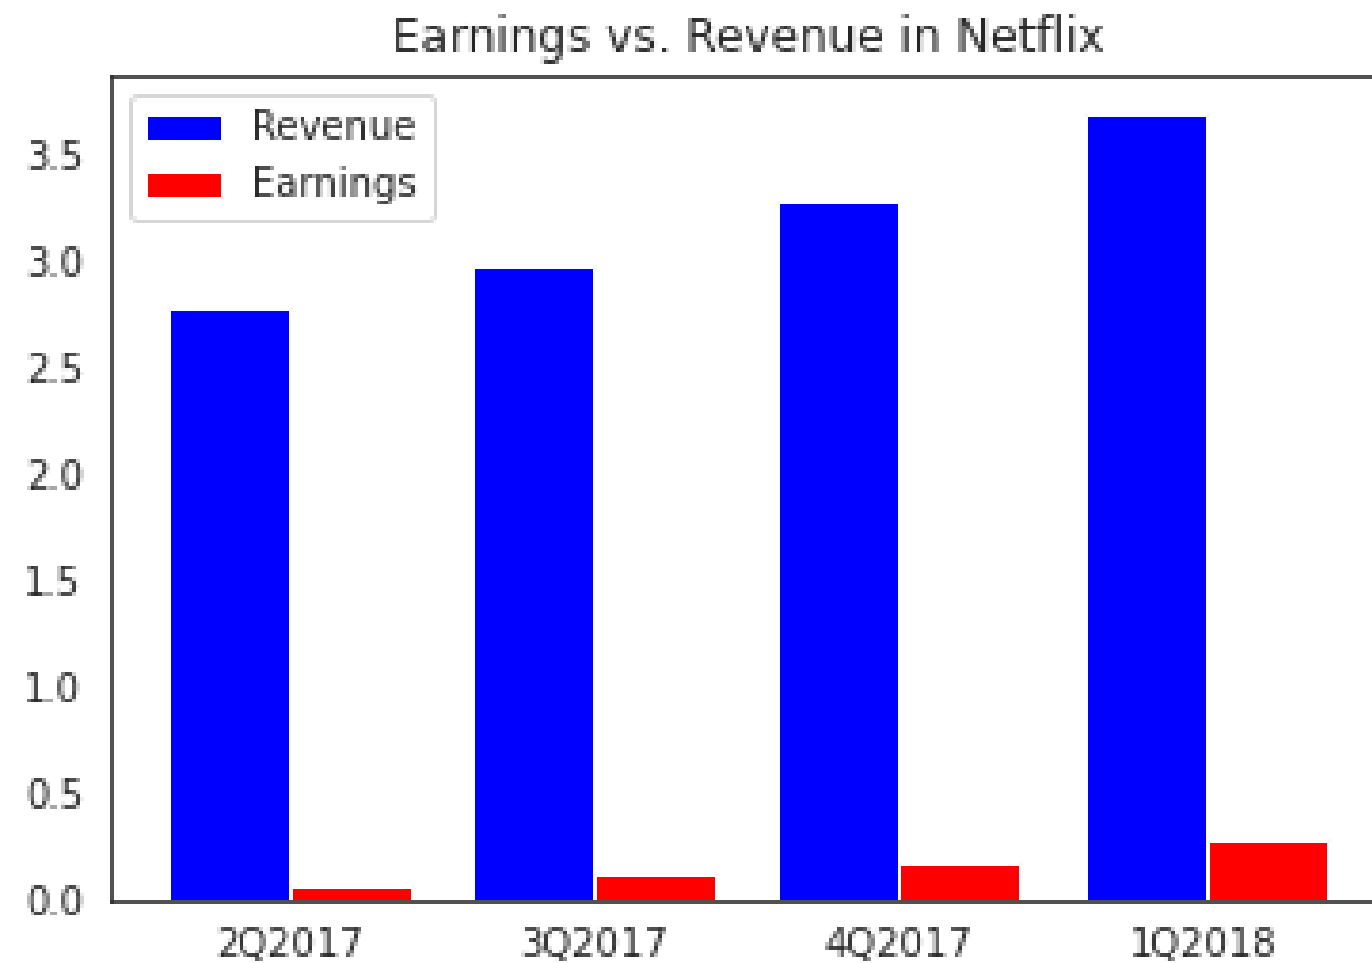

The highest price was 202.68 and the lowest price 127.49.

EARNING PER SHARE

The purple dots mean that the actual and the estimate earnings per share were the same.

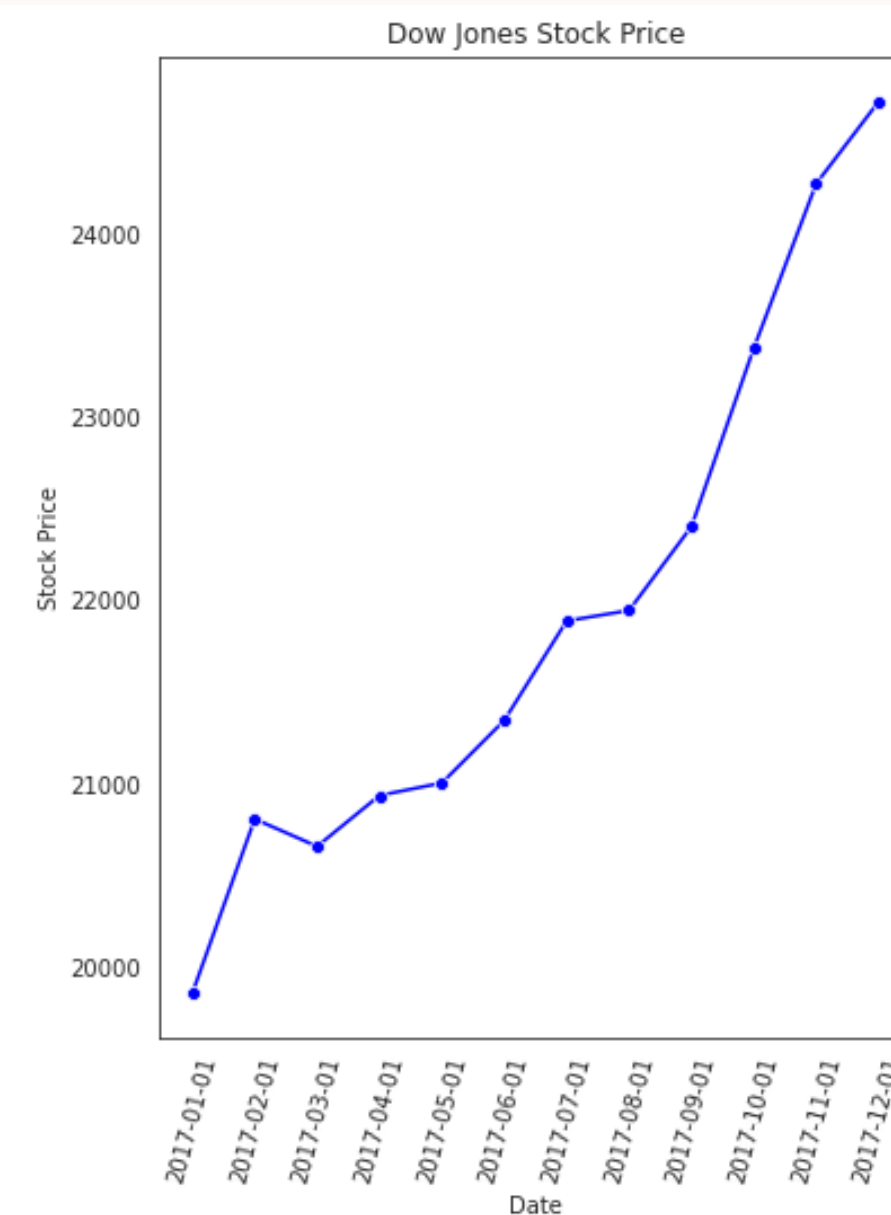

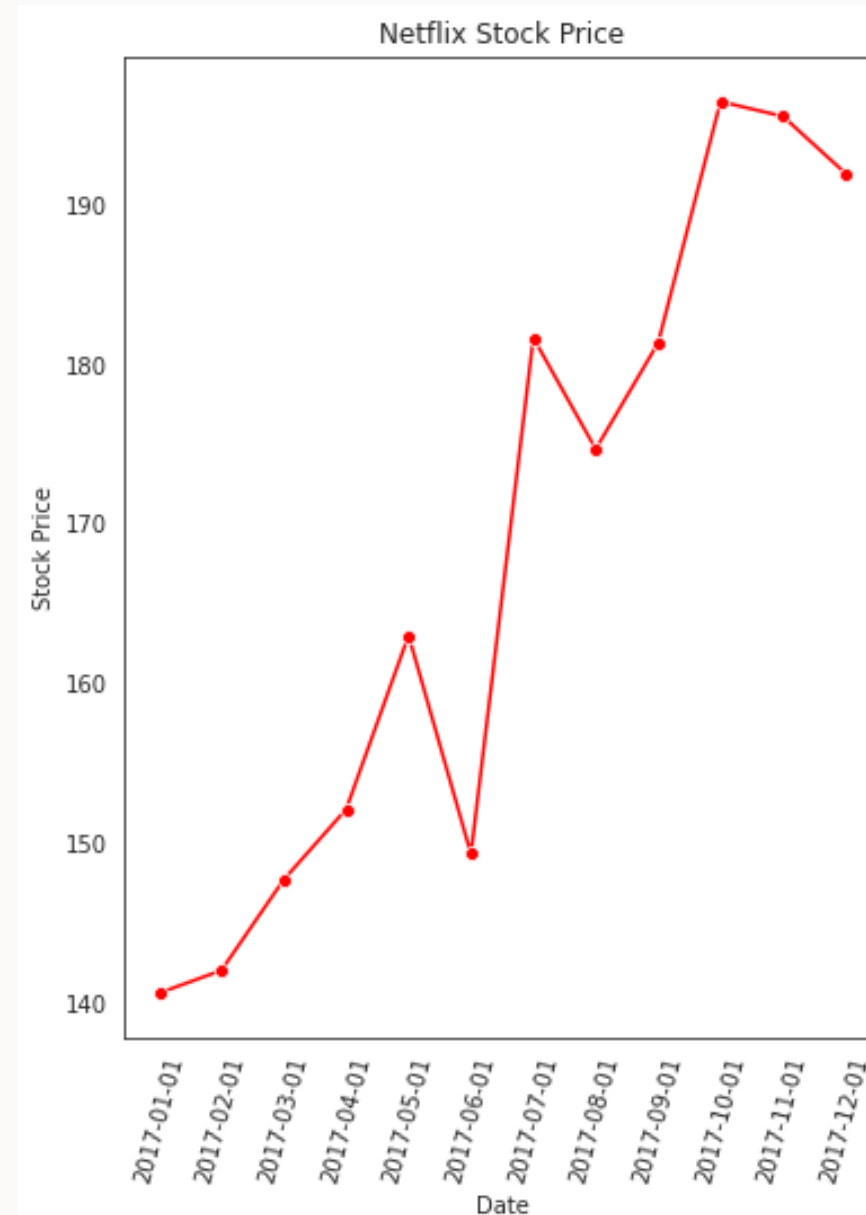

EARNING VS REVENUE

Both revenue and earnings increase over the year. The revenue by quarter is as follows:

- Q1: 2.35%
- Q2: 4.35%
- Q3: 5.64%
- Q4: 7.84%

NETFLIX VS. DOW JONES STOCK PRICES

Both stock prices had an upward tendency through the year. However, Netflix Stock Prices were more volatile and Dow Jones Stock Prices had a more stable increase. Although, they have different numbers in the y-axis, they hold the same ratio we are able to compare their performances.
